

## Folding machine - hand & foot -operated

# 541601350

#### Hand & foot operated folders - SCAN 13S

The SCANTOOL SCAN 13S is manufactured with a segmented upper beam and a foot operated upper beam to allow simple and fast hands-free operation.

The segmented clamping beam is ideal for box and pan work.

The sharp nose segments can accommodate box profiles with a maximum edge height of 22 mm.

The individual segments are mounted on a slide bar making it very easy to switch between standard straight folding and box and pan profiles.

The model can convert from segments to low sharp nose blade.

#### **Accessories:**

Back gauge, radius blade  $R=1.5\ mm$  and  $R=2.5\ mm$  and ERGO unit.
