Pipe notchers with motorbrake - SCANTOOL 150 RS

Scantool 150 RS pipe grinders are perfect for grinding all types of pipes and profiles before welding.

Scantool 150 RS is suitable for batch production where precision and perfect finish is required, such as in the production of handrails - frames - go-carts - roll cages - wheelchairs - ship rails - gates - furniture frames - stainless steel constructions for the food industry, etc.

Scantool 150 RS handles dimensions from 21 to 100 mm in all kinds of materials.

Scantool 150 RS is prepared for central extraction.

Scantools pipe grinder type 150 RS offers the following advantages:

• The only pipe sander on the market where the sanding unit can be adjusted to the desired sanding angle.

• Therefore requires no extra space for the sides when grinding long pipes.

• Quick and easy adjustment of all angles without the use of tools.
