Magnetic drilling machine

 # 100380400

Portable magnetic drills - MAGBEAST HM 100T

The MAGBEAST magnetic drilling machine is designed for precision and power. With a drilling capacity of up to 100 mm and a powerful 1800-watt motor, it easily handles the most demanding drilling tasks. Operating at a voltage of 230V, this machine offers a variable speed range of 60-140 and 200-470 RPM, providing versatility for different materials and applications.

Equipped with a Weldon shank of 19 mm and a drilling depth of up to 250 mm, it is perfect for heavy-duty industrial use. The machine also supports thread cutting up to M30.

With a magnetic holding force of 20,100 N, it ensures stability and safety during operation. Despite its robust build, the MAGBEAST keeps noise levels below 90 dB, offering a quieter working environment. At a weight of 23.5 kg, it is portable yet durable for long-term use.

Product Specification

Drilling Capacity (ø mm)	100

SCANTOOL GROUP Industrivej 3-9, 9460 Brovst +45 98 23 60 88 info@scantool-group.dk

Motor (Watt)	1800
Voltage	1x230V/50-60 Hz
Rpm	60-140/200-470
Weldon shaft (mm)	Ø19
Tapping Capacity	M30
Drill chuck (mm)	B18
Drilling Depth (mm)	250
Morse Taper	3
Magnet lift (N)	20100
Noise level (dB)	Less than 90
Magnetsize	210x100 mm
Net weight (kg)	23,5
