Weld bead grinding machine for outside surfaces

 # 430232190

Floor grinders & Weld bead grinders (off shore) - 75PG

Model 75PG is developed in close co-operation with the offshore industry to meet the end user's needs when grinding welding beads on large pipes.

With a weight of 800/850 kg the construction is heavily built for stability during continuous operations. The construction is supported by four height adjustable stabilization feet to ensure ideal steadiness throughout the grinding.

Despite its heavy built the grinder is movable with a pallet jack or a forklift.
